```
         -timeout+               Timeout for requests (default 10 seconds)
         -update                 Update databases and plugins from CIRT.net
         -Version                Print plugin and database versions
         -vhost+                 Virtual host (for Host header)
                    + requires a value

         Note: This is the short help output. Use -H for full help text.
